Simple USB connectivity

Optical tracking - Reduce sticking and constant cleaning with optical tracking - a system that works through light with less moving parts for greater durability than ball-based mice.

Comfortable, familiar touch

Users benefit from a smooth, contoured shape that fits both hands - and a wheel that functions as a third button.

World-class support

The optical sensor within the HP USB Optical Scroll Mouse employs a scan rate of 800dpi and enables crisp motion without a mouse pad, ball or roller.

HP USB Optical 2.9M Mouse
